

Sorry to already again be writing but we have run into an emergency situation in the Arusha slum area.

Our very good friend and pastor Mr. Naiman who has a school with the slum areas children has run into a huge problem. Some people had promised him to build a classroom but unfortunately they just told him that they were not able after all to get the money which means that the schools board has no idea of where to put class 6 when school starts up again in January, that is when the new school year starts. If they do not have a classroom more by January they will have to send the children home which would be such a shame.

These children from the slum area are the poorest of the poor. Most of them live in houses made of soil and the floors are even of soil and they only have 1 or 2 rooms for the whole family to live in. WE have a big heart for these children and would like to help them.

As its soon Christmas we were thinking that maybe some would like to bless the mission with a gift and there is a rich opportunity here for that. We have a building team that without extra cost could start building right way.

If you would like to help us build this one classroom you can mark the money "School in the slum" and we would be so happy and a stone will fall from our hearts.

Account number:

IBAN nr.: DK7097120741793075

BIC/SWIFT nr.: JYSPDK2G

Banke Name: Den Jyske Sparekasse, Borgergade 3, 7200 Grindsted

Accountholder: Betania Kirkecenters Ydremission

We would like if you would send an email to us if you want to be part of this so that as soon as I know we have enough funds to start the foundation for the school we will start.

With love

Torkild and Tabitha
