

## Monica's heart surgery went well!

Monica Justin Mollel was treated at Muhimbili National Hospital in Dar es Salaam from May 20–30, 2026. We thank God that everything went well. I'd like to pass on a message from Monica's parents, who simply cannot find the words to describe how grateful they are. They are asking God to bless all of you who helped raise funds for the surgery. They also write: "God will never let you down; He will bless you with everything you need."

The photo below shows Monica on the day she came home from the hospital. She has recovered well from the surgery, has a good appetite, and has also gained weight.

Monica is scheduled for a follow-up appointment at Muhimbili National Hospital in Dar es Salaam on June 25, 2026. We hope the tests show that everything is fine and that she won't need any further treatment.

Monica's life has changed forever. If she hadn't had the surgery, she wouldn't have lived to celebrate her 5th birthday. Her parents have experienced how God helped them in their helplessness and intervened in a situation they couldn't handle on their own.

I would also like to take this opportunity to thank all of you who have helped support us financially. We were overwhelmed by the tremendous support we received as you stood with us in this situation, where swift action was needed. It's wonderful to know that we are not alone in facing such challenges.

Warm regards and God's peace  
Torkild
